Activity & Cost

Details of Activity:	The landscaped grounds provide a camp ground for about 30 pitches and a tiered fire circle seats up to 150. The building has a full fire alarm system, toilets, showers and kitchen facilities and can be used for overnight stays. There are also outdoor cooking, dining and ablutions areas as well as space for games and activities such as pioneering (poles available for hire). The site is easily accessible and only 15 minutes from Reading town centre. There are shops within walking distance. In addition to our own on-site facilities we have Clayfield Copse, a designated nature reserve, on our doorstep with acres of woodland, wide open spaces, miles of trails adjoining Oxfordshire countryside with a Sculpture Trail, and a wild flower meadow. It's a great area for everything from a walk to a hike, a game of Frisbee to a wide game. There are also Geocaches in the area and GPS rental is available.
